Mission Statement

As a ministry of the First Congregational Church of Littleton, Shining Lights Learning Center is dedicated to nurturing the spiritual growth of each child enrolled, while providing opportunities for optimal social and emotional growth, as well as development of physical and cognitive skills. In a nurturing, safe, and healthy environment, children will have opportunity to understand and see their world, life, and education through a Christian perspective. We seek to enable each child together with his/her family to develop a Christ-centered world view.

Mark 10:14
